

Blob Collection

blob planters

A signature Livinggreen Design range, the organic forms of our Blob planters have found fans across continents. Suitable for use in every built environment, the range has been extended to encompass desk and cabinet top sizes plus two units perfect for smaller specimen plants. Complimenting the planters is a selection of four different sized Blob seats and benches which can be used on their own or teamed with the larger tree planters. All Blob planters are available in our new Premium Stone and Vintage Metal finishes which further add to the desirability of this superb design.
